

SIROMER Equipment

Your Tractor's Best Friend

PTO driven, all backhoes feature an internal hydraulic pump.

All backhoes attach quickly and easily to three point linkage.

Backhoes are supplied with an extra heavy duty stabilizing top link.

B93 and B94 models are engineered for CAT One. The B95 model is engineered for CAT Two.

Trenching (198mm) and grading buckets (890mm) are available for B94 and B95 models.

Model	Required HP	Weight	Working Length (mm)	Dig Depth (mm)	Extend Height (mm)	Unload Height (mm)	Swing Angle (Degrees)	Standard Bucket Width (mm)
B93	12-20	250kg	2300	950	2100	1250	180	290
